

# Documents required for filing income tax returns

## Form 16

Issued by employer showing income from salary and tax deducted at source

## Form 16A

Issued by all entities who have deducted TDS while making payment you during the year. E.g. from banks where you have FDs

## Account Statements

For calculating interest income received from all operative accounts

## Property details

Property related documents like rent receipts, municipal tax payment receipts, loan certificate for interest and principal (for properties financed through loan)

## Contract Notes

For sale and purchase of shares, calculating capital gains from sale of shares in the financial year

## Tax Challans

For details of tax payments made during the year (in case you have paid advance tax or self-assessment payments)

## Others

Any other documents of financial transaction involving tax implications
