

How to update KYC in your EPF account

Economic Times

- One of the main reasons for EPFO rejecting the EPF withdrawal claim is incomplete KYC.
 - How to check KYC compliance in EPF account:
 - Checking your UAN card
 - checking the documents that are approved and verified in the EPFO records
 - By checking on EPF India website

 - How to complete KYC process:
 - Visit <https://unifiedportal-mem.epfindia.gov.in/memberinterface/>
 - Select 'KYC' option under the 'Manage' tab.
 - Select the documents (bank, aadhaar, PAN, passport) that you are going to upload.
 - Enter the document number, name as per document and other details (see image) in the respective fields.
 - Once the documents of your choice are uploaded on the EPFO portal, click on save.
 - The status of your KYC will be shown under the 'KYC Pending for Approval' tab.
 - You are required to get your documents verified by your employer for EPFO to update your KYC details in your account
